RE: Small Mining Operation, SM/015/035, Rod Sillman Placer,
Emery County

On July 14, 1987, Frank Filas and I visited the subject placer on the west bank of the Green River, a few miles south of the town of Green River.

A Small Mining Operation form was given to Rod Sillman.

Photos of the placer follow:

Placer work starting - Sillman said the land was privately owned by his family.

Photo of vegetation in the area - Frank Filas in photo

Ground cover is less than five percent on many areas.
Plants include: shadscale, fourwing saltbush, greasewood, Indian
ricegrass, galleta, rabbitbrush, globe mallow, and halogeton.
